These maps are not a guarantee of actual coverage and may contain areas with limited or no coverage. These maps show approximate outdoor coverage based on computer-generated modeling, public information and information provided by third parties. Actual coverage depends on customer's equipment, terrain, signal strength, weather, system availability, capacity, repairs, modifications and other conditions and may vary significantly in buildings. Please note that the display on your device will not indicate the rates you will pay. It is possible that you may pick up the signal of another carrier when in the area where you can use your included minutes of kilobytes and these calls or data sessions may be billed at roaming rates. Some features work only on the portion of the network that we own and operate.

Explanation of Rates & Charges:

In addition to the terms and conditions in the Personal Service Agreement and the Cellular One of East Texas Rate Plan literature, the following terms and conditions apply. Requires new activation which is subject to credit approval; deposit may be required. Compatible device, Activation Fee and minimum one-year contract required per line. Your device has been manufactured to operate exclusively on our network and cannot be activated with any other wireless carrier. Voice usage for each call is billed in full minute increments with partial minutes rounded up to the next full minute. We may terminate your service if a majority of minutes in any three consecutive monthly periods are used off the portion of our network that we own and operate. Unused monthly minutes, megabytes and text messages are lost. Different rates apply for calling card or credit card calls, international calls or operator assistance. Due to delayed reporting between carriers, usage may be billed in a subsequent month and will be charged as if used in the month billed. Not all features, service options or offers are available on all devices, on all rate plans or available for purchase or use in all areas. Call Waiting, Three-way Calling and accessing Voice Mail will incur airtime or roaming, plus applicable long distance charges. Call Forwarding usage is charged at the same rate per minute as additional airtime, plus applicable long distance charges and will not apply towards your Anytime Minutes. You will be billed for each text message sent from your device, regardless of delivery. Any termination will be effective at the end of the billing cycle in which cancellation occurs and you will be responsible for payment of all fees and costs until that time. We reserve the right to deny porting of any number to another carrier when your service is suspended. The end user's principle residence must be within our Cellular One of East Texas area. Eligibility requirements, pricing, features and calling areas are subject to change without notice. Fees: Activation - \$36 per line; Reconnection - \$25 per line; Late Payment Fee - 1.5% of balance; Returned Check Charge - \$20.
